

# CARBU CLEAN

Very powerful cleaning agent for carburetor

Spray

## TYPE OF USE

Carburetor cleaner especially developed to eliminate deposits and varnish on butterfly valves, throttle-chambers, nozzles, tanks, floats, venturi tubes.

## PERFORMANCE

Carbu Clean stabilizes the idle and improves engine acceleration.

## RECOMMENDATIONS

Shake before use.

Usage with the engine turned off, disassemble the air filter and spray Carbu Clean on the air intake pipe, let stand for 10 minutes. Repeat with that engine on spraying product on nozzles and throttle chambers.

Carburetor or injection body disassembled :  
Spray from a short distance on the areas to be cleaned.  
Let stand and respray on very dirty areas.  
Wipe with a dry piece of fabric.

For 4 stroke engines, complete the operation with Motul Fuel system Clean

## SECURITY

Refer to the MSDS sheet and the information mentioned on the spray.
